Dear Karen,

Your kind thought, your gesture and the card (I'd forgotten the words "trust the goodness" in that prayer) could not come on a day when they could have meant more. Had the first auto accident in years, 50 miles away from home. Froze for four hours awaiting the tow truck. How welcome anything that warmed was!

We were not hurt. Finally Jim Lesar drove us home. And I can only hope that after 120,000 miles the front end of that car can be made as it was!

You are kind. I appreciate it.

Hope you have a good holiday and a worthwhile, happy yearx.

Sincerely,
